Tenku Festival 2025 Theme

Palette

Our university is home to a diverse community of students. The theme "palette" reflects our hope that each student's unique personality and talents will contribute to making our school festival, "Tenku Festival," a vibrant and colorful event.

We also believe that by bringing together students with different "colors," we can create a place where new, unprecedented "colors" will be born.

Stage Performance

The stage is where individuality shines and each challenge brings new color.

At this year's Tenku Festival, where music, dance, and creativity intertwine, we hope you enjoy the "colorful moments" created by each performer.
